## **Paying your membership subscription fees**

We plan to issue your membership subscription renewal notice by email in the first week of September 2025. You will then be able to renew your membership for 2025/26 online in your member portal.

Subscriptions paid by Annual direct debit will be collected in October 2025. We will contact you in advance to inform you of the date the funds will be taken from your account.

Subscription payments become due for renewal on 1 October and must be paid by 31 December to avoid cancellation of your membership. If your subscription remains unpaid by 31 December, your membership will be cancelled. A 25% reinstatement fee will be applied to reinstate your membership.

## **Reduced rate subscriptions**

To support members on lower incomes we offer two reduced rate subscriptions.

All members earning £9,000 a year or less will be eligible to apply for the lower reduced rate subscription, All Fellows and Associates earning between £9,001 and £28,999 a year will be eligible to apply for the mid-tier reduced rate subscription.

If you are eligible for our reduced rate or mid-tier reduced rate subscription, you will be able to apply for our reduced rates on your member portal when we open membership renewals in October.

You can find out more about our reduced rate subscriptions and whether you are eligible on our [subscriptions web page](#).
