

PROFESSIONAL STANDARDS DIRECTORY - Update 26

The Professional Standards Directory can be found [here](#)

It is designed to permit members and others to access the current Board for Actuarial Standards' (BAS) Standards together with the current version of the Actuarial Profession Standards (APSs).

In addition, Information and Assistance Notes (IANs) are provided for all our members, including those who may not have any specialised knowledge in the relevant area. It is not mandatory for members to have regard to an IAN.

Deletion of IAN: The Risks of Derivative Exposures

The IAN on The Risks of Derivative Exposure (version 1, published on 9 January 2009) has been deleted, however alternative non-mandatory resource material on this topic is available on the Finance and Investment pages of the website at <http://www.actuaries.org.uk/practice-areas/pages/regulation>.
