### ACTUARIAL PROFESSION STANDARDS

#### Actuaries' Code

The revised version of the Actuaries' Code as published on 1 August 2013 takes effect on 1 October 2013 and can be found [here](#).

The revisions are designed principally to give effect to the following:

- (1) to reflect the merged body of the IFoA and the replacement of the Board for Actuarial Standards with the FRC;
- (2) to bring Honorary Fellows within the scope of the Code;
- (3) to amend the impartiality provisions to reflect the *Conflicts of Interest Guidance* published by the IFoA; and
- (4) to reflect the requirement of the International Actuarial Association's ethical code in relation to actuaries accepting responsibility for their own work.

The changes have been implemented in accordance with the IFoA's Standards Approval Process.
