

## **PROFESSIONAL STANDARDS DIRECTORY - Update 36: New Guidance on the Actuary and Activities Regulated under FSMA 2000 and notice of withdrawal of the IAN: The Actuary and Activities Regulated under FSMA 2000**

**For Actuaries whose Firm undertakes, or wishes to undertake, investment-related activities (“Regulated Activities”) which are regulated, directly or indirectly, under the Financial Services and Markets Act 2000 (“FSMA 2000”).**

The Professional Standards Directory can be found [here](#).

It is designed to permit members and others to access the current Institute and Faculty of Actuaries’ (IFoA) Actuarial Profession Standards (APSS), together with the current version of the Financial Reporting Council (FRC) Standards.

### **NEW GUIDANCE**

The DPB Board has undertaken a scheduled review of the IAN: The Actuary and Activities Regulated under FSMA 2000 and in doing so has issued revised guidance in a form consistent with the style of other non mandatory guidance issued by the IFoA. The revised [Guidance: The Actuary and Activities Regulated under FSMA 2000](#) has been updated to reflect recent changes to the DPB Handbook and to provide greater clarity on particular issues, but does not differ significantly in content to the IAN.

The new guidance replaces the IAN: The Actuary and Activities Regulated under FSMA 2000 – which is now withdrawn.
