A: Chair's update

1. Summer is truly here and I hope you are all enjoying the sunshine. It has only been a month and a half since our last board meeting but there have been a number of developments.
2. The recruitment process for my successor is now well underway. I understand that a short list has been agreed and that interviews will take place later this month.
3. Alongside the President Elect, I interviewed the short listed candidates for the positions of Chair and Lay and Actuary Deputy Chairs of the Board of Examiners. We have appointed three excellent individuals to these roles. I would like to record my personal thanks to the outgoing Chair of the Board of Examiners who has achieved a great deal during her tenure.
4. I attended Council on the 2nd June to give my annual report on the Regulatory Board's activities. The report was well received and I answered a range of questions from Council Members.
5. Other meetings included updating the President on the Board's decision on DEI and attendance at the Health and Care Practice Board where I gave an update on regulatory developments.
6. I have been working with the executive on the final statement on DEI and how this is communicated to members.
